GOOD LUCK!

1 (b) A drug company has developed a new drug which helps people to stop smoking. The new drug prevents the feeling of pleasure caused by nicotine in the smoke.

The new drug is now being tested on rats which have been given a lot of alcohol to drink. The company wants to find out if the drug can help people to stop drinking alcohol.

1 (b) (i) It is important that the tests on rats are done by an independent company.

What is meant by an independent company?
